

# update

Oct 2002

## In just *one* day:

- A six year old girl in our village died of malnutrition and neglect.
- Bernard's first accident in Guatemala....no one hurt, just a bruised bumper on the Toyota.
- One of our four year olds severed part of his finger in a door.
- After Trish's emergency run to the hospital, the front wheel fell off our Trooper *in the parking lot*. **Praise God!!**

## The *good* news is:

- We now hold our people accountable to report problems in our village, never to repeat the tragedy with little Maria.
- After six days Hector's stitches are infection free.
- It only cost, \$110.00, to repair the trooper which included, towing, parts and labor.
- A positive surprise visit from Sarah's Case worker.

**Hector and, Mom Aura**

## The wall's Completed!!

Pastor Craig and Andy Canady from Sharon Christian Missionary Alliance will be here in December, and put the roof on the factory.

Freddie, *Thanks!* for the Acrobat, it makes life more readable....

***In Christ Jesus,  
Bernard, Trish, and Sarah***
