

**Lazaro** 29 grew up in an impoverished family who knew nothing of the Lord. He accepted Jesus when he was 14. After finishing school, he graduated from a 3 year bible college program. He is an elder in their present church, Assembly of God. Recently he has been working with a US missionary couple in a home for children. Lazaro speaks English and desires to improve his skills, so he can interpret for visiting groups.

**His wife, Glendy** 29 was raised in Xeparquiy for a while, where her father was the first person to accept Christ. She was raised in a Christian home. Glendy also finished school and completed two years of bible college. She is very involved in women's ministry.

**They feel called** to minister as a family. Since both have had teaching experience, they will be teaching in the school. They will also have endless opportunities to teach and preach the word.

**As a team,** we agree that ministry is more than preaching and teaching the word, it is meeting all the needs of the total family, while sharing the love of Christ. Their children Lester 6 and Marcia 4 (like their parents) are excited about moving to Panimaquin.

**This highly recommended family** will be joining us fulltime on September 1st.

**Keep us in your prayers,**

Bernard, Trish, and Sarah
